# Shrushti Sabnis

Software Developer

## Profile Summary

---

Recent MCA graduate with a strong foundation in software development, proficient in Python, Django, HTML, CSS, JavaScript, PHP, and MySQL. Adept at building and maintaining web applications, with hands-on experience in both front-end and back-end technologies. Demonstrated ability to manage databases, develop user-friendly interfaces, and ensure seamless user experiences. Skilled in debugging, optimizing code, and implementing secure, efficient solutions. Eager to apply my skills and contribute to dynamic development teams in a challenging and growth-oriented environment. Committed to continuous learning and staying updated with emerging technologies to deliver innovative software solutions.

## Skills

---

### Technical Skills:

- Programming Languages: Python, NumPy, Pandas, PHP, JavaScript
- Web Frameworks: Django
- Front-End Technologies: HTML, CSS, Bootstrap
- Databases: MySQL, SQLite
- Version Control: Git
- Other Tools: VS Code, Pycharm

### Soft Skills:

- Strong problem-solving abilities
- Effective communication
- Team collaboration
- Time management
- Adaptability and quick learning
- Attention to detail

## Work Experience

---

### Intern, Python Developer | Benoffe | Ratlam | 01'24 - 04'24

- Developed and maintained web applications using Python and Django framework.
- Collaborated with the development team to design and implement new features.
- Assisted in database management and optimization using MySQL.
- Participated in code reviews to ensure code quality and adherence to best practices.
- Created and updated technical documentation for ongoing projects.
- Debugged and resolved software defects in a timely manner.
- Conducted testing and validation of software applications to ensure functionality.
- Contributed to the design and development of user interfaces using HTML, CSS, and JavaScript.

## Projects

---

### *Business Management System* | **Benoffe** | Ratlam | 01'24 - 04'24

- *Managed database design, implementation, and optimization using MySQL.*
- *Developed backend logic using Python and Django to support core functionality.*
- *Designed and implemented user interfaces using HTML, CSS, and JavaScript.*
- *Created dynamic, responsive web pages ensuring cross-browser compatibility.*
- *Conducted thorough testing and debugging of both frontend and backend components.*
- *Collaborated with the team to gather requirements and plan project phases.*
- *Provided regular progress reports to project managers and stakeholders.*
- *Assisted in the deployment and maintenance of the application on the server.*

### *Web Enabled Online Shopping System for Purchase of Medical Products* | Academic Project | 01'22 - 06'22

- *Developed a web-based platform using Python Django to manage customer details, medicine stock, and orders.*
- *Implemented features for customer registration, order management, and payment processing.*
- *Ensured secure access and efficient data management for administrators.*

### *Event Planner (Event Management System)* | Academic Project | 12'22 - 03'23

- *Created an event management system using Java and MySQL for planning and organizing successful events.*
- *Developed functionalities for event customization, service selection, and budget estimation.*
- *Collaborated with a team to implement user authentication, admin verification, and payment processing features.*

### *Alumni Portal (Alumni Management System)* | Academic Project | 05'23 - 08'23

- *Designed and developed an Alumni Management System using PHP and MySQL to enhance alumni engagement.*
- *Implemented features for alumni registration, event management, job postings, and an alumni directory.*
- *Facilitated communication and interaction between alumni and the educational institution.*

## Education

---

### *Bachelor's of Computer Application* | **MGM's College of CS & IT** | Nanded | 07'19- 08'22

### *Masters of Computer Application* | **DY Patil Institute of MCA & Management** | Pune | 11'22- 05'24

## Achievements/Interests/Languages

---

### *Achievements:*

- *Successfully completed multiple academic projects, demonstrating proficiency in various programming languages and frameworks.*
- *Contributed to open-source projects on GitHub, improving coding skills and community collaboration.*

### *Interests:*

- *Passionate about web development and exploring new technologies and frameworks.*
- *Keen interest in data science and machine learning applications.*
- *Enjoy participating in hackathons and coding challenges to solve real-world problems.*
- *Active member of tech communities and forums to stay updated with industry trends.*

### *Languages:*

- *English*
- *Hindi*
- *Marathi*
