Shrushti Sabnis

Full Stack Developer

Profile Summary

Full Stack Developer with **1 year and 5 months** of hands-on experience and a strong foundation in full-stack software development. Proficient in Python, Django, Flask, HTML, CSS, JavaScript, PHP, and MySQL. Experienced in building responsive, user-centric web applications with efficient front-end and robust back-end development. Skilled in optimizing database structures, implementing secure and scalable solutions, and enhancing application performance. Proficient in UI/UX principles using Figma, with a strong command of version control systems and collaborative tools. Eager to learn and contribute to innovative, agile software teams.

Skills

Technical Skills:

- Programming Languages: Python, JavaScript, PHP, NumPy, Pandas
- Web Frameworks: Django, Flask
- Front-End Technologies: HTML, CSS, Bootstrap, Flutter
- UI/UX Design Tools: Figma, Prototyping, Responsive Design Principles
- Databases: MySQL, SQLite, Firebase
- Version Control: Git, GitHub
- CMS: WordPress
- Other Tools: VS Code, PyCharm, Linux

Soft Skills:

- Strong problem-solving abilities for debugging and optimization
- Effective communication skills to collaborate with diverse teams
- Excellent team collaboration and adaptability in Agile workflows
- Strong time management to meet deadlines efficiently
- Adaptability and quick learning of emerging technologies and tools
- Keen attention to detail in design, code, and documentation

Work Experience

Intern, Full Stack Developer | **ShunayaVerse Labs** | Remote | 11‘24 – Present

- Planned and created responsive user interfaces using HTML, CSS, and JavaScript.
- Enhanced and maintained back-end functionalities with Python (Django).
- Optimized MySQL/Firebase databases, focusing on performance and data integrity.
- Cooperated with cross-functional teams to expand platform functionality.
- Resolved performance bottlenecks, reducing load time by 15%.
- Drafted and upheld technical documentation for APIs and workflows.

Intern, Python Developer | **Benoffe** | Ratlam | 01‘24 - 10‘24

- Designed web applications using Python and Django framework.
- Worked together with the team to implement new features.
- Improved database management and optimization using MySQL.
- Contributed to user interface development using HTML, CSS, and JavaScript.
- Enforced quality standards through thorough code reviews and documentation

Projects

Business Management System | **Benoffe** | Ratlam | 01‘24 - 04‘24

- Planned and optimized database structures with MySQL.
- Developed core backend logic using Python and Django.
- Built dynamic, responsive interfaces using HTML, CSS, and JavaScript.
- Conducted rigorous testing and debugging for seamless performance.

Web Enabled Online Shopping System for Purchase of Medical Products | Academic Project | 01‘22 - 06‘22

- Established a platform for managing customer details, stock, and orders using Python Django.
- Initiated secure access controls for administrators.

Event Planner (Event Management System) | Academic Project | 12‘22 - 03‘23

- Developed a system for event planning and budgeting using Java and MySQL.
- Applied user authentication and payment processing features.

Alumni Portal (Alumni Management System | Academic Project | 05‘23 - 08‘23

- Created an Alumni Management System with PHP and MySQL for improved engagement.
- Provided features like alumni registration, event management, and a job directory.

Education

Bachelor’s of Computer Application | **MGM’s College of CS & IT** | Nanded | 07‘19- 08‘22

Masters of Computer Application | **DY Patil Institute of MCA & Management** | Pune | 11‘22- 05‘24

Certificates

- UI/UX for Beginners | Great Learning Academy | April 2024
- Flutter for Beginners | Great Learning Academy | April 2024
- AWS Cloud Practitioner Essentials | Amazon Web Services | March 2024
- Full Stack Software Developer Assessment | IBM | January 2024
- Prompt Engineering for ChatGPT | Coursera | October 2023
- Advanced SQL | Great Learning Academy | June 2023
- Android Application Development | Great Learning Academy | June 2023
- Cloud Foundations Advanced | Great Learning Academy | June 2023
- TruBot Designer | FutureSkills | January 2023
- Python Development | SUNBEAM | September 2022

Achievements/Interests/Languages

Achievements:

- Successfully contributed to multiple academic and open-source projects.
- Participated in hackathons to solve real-world problems.

Interests:

- Exploring cutting-edge web development technologies and frameworks.
- Engaging in coding challenges and collaborative projects.

Languages:

- English
- Hindi
- Marathi
